New Features & Enhancements

Unified Bus Changes & Absences Table

Transport updates are now easier to review and manage. We've combined Bus Changes and Bus Absences into a single, consolidated view - reducing the need to switch between screens and giving you complete visibility of all student transport activity in one place.

What's new:

- Single unified table showing all Bus Changes and Bus Absences together
- New filter bar with search, type filters (All / Bus Absence / Bus Change), and CSV export
- Sortable columns for quick data review
- Tooltips showing parent contact details and bus/stop information at a glance
- Clickable links on student names and bus details for faster navigation

Booking Patterns

Parent App: Improved Term Selection

Terms now display in chronological order in the Parent App, and the current term is automatically selected when parents open their bookings. The app also remembers the selected term when switching between students or refreshing.

Parent Notifications for School-Created Bus Updates

Parents now receive email and push notifications when a school or bus company creates a bus absence or

changes a student's bus booking - improving visibility

and reducing unexpected transport changes.

Absence Marked for Madie SIB

The school/bus company has successfully completed a Bus Absence for Madie SIB

Reason: Sick

Dates: 12/02/2026 to 12/02/2026

You may still need to complete a School Absence for this student.

Bug Fixes & Improvements

- **Parent Login:** Resolved edge cases affecting multi-school parent logins, including scenarios where secondary parents couldn't access all associated schools
- **Parent App – Bus Changes:** Fixed an issue where the Bus Changes tab wasn't displaying available routes for some parents
- **Parent Portal – Payments:** Fixed duplicate transaction entries appearing for failed RollCall Pay payments
- **Parent Records:** Resolved an issue where updating parent details could fail if country code data was missing
- **Driver App – PM Scanning:** Fixed an issue where some students couldn't be scanned off at the end of PM routes
- **Driver App – Route Completion:** Improved auto scan-off scheduling to prevent premature student scan-offs when routes are accidentally marked complete
- **Driver App – Scan Feedback:** Improved error messaging when scans can't be processed
- **Driver Login:** Improved driver login security to ensure unique phone number and PIN combinations across schools
